

ALMOST TIME TO THINK

Of income taxes. You may not have to pay any, but if you are unmarried and have a total income of \$1000 or over.

Or, if you are married and have a total income of \$2000 or over.

Then you must make returns to the Internal Revenue Department of the United States.

You must make a sworn statement, specifying the details of your earnings, deductions and credits.

It's a complicated statement to make, if you haven't done much of it.

We have helped a lot of people make returns.

Let us help you—The Service is Free.

The "flu" in Littlefield is checked as yet, and the town as well as all others is in hopes that there will be no more cases.

Littlefield

Special Correspondence to the
Mohave County Miner

The farmers are all busy putting in their grain. There has been beautiful weather in Littlefield for which they are all rejoicing.

Mr. and Mrs. J. A. Lee left Saturday for their home in Eureka, Utah. They have been visiting the latter's parents, Mr. and Mrs. Joseph H. Reber of Littlefield, Arizona.

Miss Evelyn Reber, and her brother, Robert, are now working down on the Muddy Valley near Littlefield. Mr. and Mrs. Lewis are here from St. Thomas, visiting the parents of Mrs. Adams, Mr. and Mrs. Henry Frehner of Littlefield.

The people of Littlefield regret very much to think that this strip, known as the Arizona strip may be annexed by Utah. They are all wishing that this will not take affect. Everyone would much rather stay in "Good Old Arizona."

Times here in Littlefield are just New and splendid airplane battle starts. February 21.

LARGE DELEGATION
FROM MOHAVE CO.

(Continued From Page One.)

Yavapai county, T. G. Norris, chairman; Yuma county, J. C. Powers. Committee, Permanent Organization Apache county, Gus Becker, chairman; Coconino county, C. T. Woolfolk; Cochise county, W. G. Gilmore; Gila county, W. E. Lofalle; Graham county, Martin Layton; Greenlee county, C. J. Brooke; Maricopa county, Warren McArthur; Mohave county, Carl G. Krook; Navajo county, C. R. Fullerup; Pima county, Monte Mansfield; Pinal county, Ted Healy; Santa Cruz county, James L. Finley; Yavapai county, F. S. Viele; Yuma county, R. C. Laufley.

Reports from the various departments having to do with road work were received and the impression given that while the state and counties collected a large amount of money it was used generally for repair and little advance was made in permanent road building. The state and counties collect in taxes each year about 1,508,658, and that with the apportionment of the \$70,000,000 of the federal good roads fund, which amounted to about 70,000 in 1917, \$137,000 in 1918 and \$205,000 this year, the state might be able to do a large amount of constructive work. The federal government requires the states to appropriate a corresponding amount to be spent on main arteries and it is probable that the state fund will go into the general pot.

A proposition to form a highway commission with one commissioner from each county, was looked upon askance by the convention, and it is probable that a highway commissioner with complete authority will eventually be agreed upon by the people and that the legislature will follow out this view. This will be in addition to the present state engineer. The convention went on record as favoring, by resolution, the proposed bill to issue bonds in the sum of \$30,000,000 for a system of highways within the state. This resolution was presented to the legislature yesterday and it will undoubtedly receive immediate attention from that legislative body.

The new highway association was formed by the appointment of an executive committee of one from each county. Mohave County is represented on this committee by J. H. Rosenberg, one of the most active and ardent good roads boosters in the state. The other counties are also well represented.

This gathering at Phoenix was one of the most epochal in the history of the state. It is taking up a project of vital importance to the whole state and we are more than pleased to note that there was not one particle of friction among the delegates from the various counties during the entire session of the association. Everything worked to the satisfaction of every delegate and the members appeared to have only one thing in view—the building of useful and permanent highways in the state. And, we believe, that something big will come of the meeting, as all members from the various counties are heart and soul with the movement for the betterment of our roads and the internal building of our great state.

Mohave County sent its best citizens to this meeting, each one meeting his or her expense that good may come from awakening interest in internal improvements.

The Mohave county people made the trip by automobile, going out by the way of Yucca, McCracken, Cactus Congress Junction and Wickenburg. The party, in four cars, left Kingman at 7 A. M. and arrived in Phoenix at 9:25 P. M. the same day. This is some traveling, as the roads in places were quite bad. On the return trip the party came out to Wickenburg in the afternoon and remained over night. Leaving there the following morning at 9 o'clock they arrived in Kingman Thursday evening at 5. Messrs. Ridenour, Knight, Carr and Walters came in Wednesday, making the trip through in a day. The route chosen is that proposed for a through route from Kingman to Phoenix, which would make available to tourists the west end of the National Old Trails road and at the same time give an outlet from the north part of the state to the south, open all the year round.
